Hazardous Weather

A Wind Advisory is in effect for parts of the Hill Country, Austin Metro, and areas east of I-35 but north of I-10. Winds of 20 to 30 mph can be expected with some gusts as high as 40 mph.

A cold front passed through early this morning, which will set up a cooler, drier, and windy day today across Deep South Texas. Afternoon high temperatures will be comfortable today, reaching the mid-upper 60s. Strong northwest winds will usher in much drier conditions, which will cause an elevated fire weather risk, especially this afternoon. Any fire that starts will likely spread rapidly. Outdoor burning is not recommended. Mariners can expect less than favorable conditions on the bay and Gulf waters today. Strong northwest winds will cause rough conditions on the bay and gale force wind gusts on the Gulf waters.
